

THE REPUBLICAN.

LOCAL DEPARTMENT.

"The longer a man lives the more he finds out." We were amazed at the cause of summer breezes, so grateful to the favored frame. A neighboring editor, who is a man of letters, pairs all sorts of good things, hopes that "when the time comes for them to make their exit from this life, may be as calm and peaceful as the breath of summer, brought about by the conjunction of a useful and well spent life." We do not think that the gentle zephyr will ever be wakened by the reflections of the Copperhead leaders of Marshall county.

We are informed by the Assistant Assessor of Internal Revenue, that on last Friday received instructions not to include what was consumed by a farmer's own family in the returns of income for 1896.

The Valparaiso Republic says that a new enemy has made its appearance in that section, in the shape of a black worm, which attacks the Strawberry plant. They increase very rapidly, and eat the tender part of the leaves, leaving the stem. A gentleman of that city who has suffered by their depredations, has used with great effect, a mixture composed of Salt, Ashes and Lime, without injury to the plant.

"Indiana's Roll of Honor."—We have received a copy of the second volume, just issued, of this interesting work, from W. W. Moore, of the latter volume, a large number of the names of the first volume were sold in this county and gave very general satisfaction. We are assured, and from a slight examination we have been enabled to give it, we believe the second volume to be equally meritorious. It contains ten fine Steel Engravings of prominent Indiana Officers, with the following list of names: 9th, 11th, 14th, 15th, 16th, 17th, 19th, 20th, 21st, 23d, 24th, 25th, 26th, 29th, 31st, 33d, 34th, 35th, 36th, 37th, 38th, 41st, 42d, 43d, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52d, 53d, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62d, 63d, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72d, 73d, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82d, 83d, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92d, 93d, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

The citizens of Delphi have decided to have a city government by a vote of 175 to 75. There is some talk of taking steps to make Plymouth a city. We think, although a city government would cost more than it would pay. We doubtless have sufficient population.

More Music.—Messrs. Root & Cady, 67 Washington street, Chicago, have just published the following splendid collection of songs: "In a Horn, a Song for the Times, price 30c." "Betsey Jane" Folks, "Barney Jane and I" and "Annie's Ward" by E. V. Venable, and "The Song of the Blind Men's Vocal Compositions," beautiful music, words without sense, price 30c.

Short Music.—Messrs. Root & Cady, 67 Washington street, Chicago, have just published the following splendid collection of songs: "In a Horn, a Song for the Times, price 30c." "Betsey Jane" Folks, "Barney Jane and I" and "Annie's Ward" by E. V. Venable, and "The Song of the Blind Men's Vocal Compositions," beautiful music, words without sense, price 30c.

Good for the Poor.—It is useless to praise this Magazine. Its history and its principles are connected by all who see it, and to be appreciated it must be seen. Terms \$3 per annum.—Address L. A. Goley, Philadelphia.

Matrimonial.—We learn from the Warsaw Indiana that our young friend and brother, Quincy A. Hasler, has taken to himself a wife. The name of the lady is Mrs. Kate Paul. The young couple have been married at Warsaw, Indiana, and will reside in Plymouth.

In the same paper we noticed the announcement of the marriage of Mr. Homer C. Reeves, son of Rev. A. Reeves, formerly a resident of this place, to Miss M. J. B. Reeves, daughter of Mr. J. B. Reeves, while visiting their relatives in Plymouth on Sunday last, he passed away with a cold at our residence, and we regret to hear of his death.

A beautiful and costly monument has recently been erected by the children of the deceased to the memory of the late Dr. C. C. Earl and wife. Those of our readers who have visited the graveyard lately cannot have failed to notice it.

Sunday School.—The Presbyterian Sunday School has determined to have a picnic, and we predict much pleasure for the little ones and enjoyment for the older folks. The County Fair Grounds have been chosen as the place, and will be held on Sunday, June 15th, at 10 o'clock. The picnic will be a singular meeting at the Presbyterian Church this (Thursday) evening, at which necessary arrangements will be made, committees appointed, etc. All attendance of the little ones, and all others interested, is desired.

We are indebted to H. H. Henry S. Lewis for a large volume containing the results of the Eight Census, compiled from the returns of the Eight Census.

Pocket Book Found.—A pocket wallet containing a small amount of money, was found in Westerville's store last Saturday afternoon. The owner can have it by calling at this office and describing it.

S. M. Becker.—Have just received their new stock of Summer Goods which they propose to sell cheap. One of them, Mr. M. Becker, is in New York and takes advantage of depressions in the Dry Goods market to keep their stock replenished with Goods purchased at the very low figures. Their stock consists of a full supply of every variety of Domestic and every style of Dress Goods, Clothing, Hats, Caps, etc. We would especially call the attention of the ladies to their stock of White Goods and Embroidery, Black Silk Shawls and Silks, and Cloth, Parasols, etc. Their stock is all made in the West, while every taste has been consulted in the purchase of these stock of Hats and Caps. Our fashionable gentlemen will find a new and stylish Custer Hat, without which it is impossible to be fully dressed. Shirts and Drawers, Carpet Bags, Satchels, and Trunks enough on hand to supply all who may wish to keep their wardrobe connected with their establishment is a first-class Tailor Shop, which is under the supervision of Mr. A. Swartz, an accomplished workman from Philadelphia. Clothing and style in the latest style on short notice and warranted to fit or no sale. They have Broadcloth, Doeckin, Cassimeres and Vestings from which to select any garment whether you wish it to keep you warm, or to get married in, and if you are in a particular hurry they will cut it out and have it partly made before you get your ticking the stock on the marriage license.

Messrs. Becker's motto is "Quick Sales and Small Profits." They are at all times pleased to show their Goods, and customers are assured that every attention will be given to their purchases, and gentlemen's salesmen, Mr. Jonathan Freese and Mr. Eli Shook. They do not pretend to give goods away, but they invite all to call and examine their stock. Their prices are cheap and are determined not to be undersold.

New Goods.—For the cheapest Goods go to J. M. Dale & Co.'s. They are selling Prints at 10 cts. Shirtings at 12 cts. and all other Goods in proportion. We would advise all who wish to purchase Goods to call and see their Stock before purchasing elsewhere. Remember the place—Cleveland's old stand, one door west of Reeve's Law Office.

Very Independent.—Several months since, a well dressed, fine looking lady went into a Dry Goods Store in this place, and asking for an article inquired the price; she was told, when she asked, "Can't you take less?" This clerk said not. She then made an offer, when she was told, "We have only one price, from which we never deviate." "Oh!" said she, with a slight toss of the head, "you are very independent!" and turned to go. The proprietor attempted to call her back, but she would not listen, and with the step of a queen she walked out, and so far as they know, has never been seen since.

What Everybody Says—must be true, is an old proverb. And it is a fact beyond dispute, that all tell one story about the almost miraculous cures performed by Cod's Dyspepsia Cure. Chronic and obstinate cases of Dyspepsia of long standing will surely give way to its curative power. Indigestion, heartburn, headache, constipation, pains and colic, in either stomach or bowels, souring and rancid of food, constipation, general debility, flatulency, cannot exist when Cod's Dyspepsia Cure is used. We beg of the afflicted to make the experiment; it can be found at all drug stores.

The Difference.—Almost all the liniments so unscrupulously recommended for the cure of Diarrhea, Colic, and Neuralgia of the stomach and bowels, are largely composed of alcohol and essential oils, which render them positively injurious as an internal remedy. Boyd's Balm is not liable to these objections and is the most reliable Diarrhea medicine in the world.

Died.—In Vienna, Ohio, on Friday morning, May 18th, 1896, at the residence of her parents, of consumption, Mrs. ESTHER A. REEVE, wife of Henry B. Reeves, of this place, aged 30 years and 6 months.

Stone Wanted.—The Building Committee of the new Methodist E. Church edifice advise that they want 30 cubic feet of Stone.

Dale & Co., at Cleveland's old stand, on La Porte street, invite all in want of cheap goods to give them a call. They have a magnificent stock and as they believe they can sell a little cheaper than any other house in town. Give them a call and examine for yourselves.

Removed.—The Chicago Barber Shop, A. C. Holtzendorff, Proprietor, has been removed to the second floor of Hinchman's new brick. Mr. H. is a first rate Barber and a worthy man.

The weather since Sunday last, until yesterday, was rather good for the season. There was a light frost Monday, Tuesday and Wednesday mornings, but we do not think the frost or garden stuff was materially injured. Fires were necessary for comfort Monday and Tuesday during the greater part of both days.

We are indebted to Mr. Meyer, of the firm of Nussbaum & Co., for late Matanzas, Mexico and Brownville, Texas, papers.

Gold closed in New York, Tuesday, at 130 1/2.

Plastic State.—We copy from the New York Tribune, of March 30, the following in reference to the Plastic State Roofing, now on sale in this place, by Messrs. Morrill & Reeves, and ask a careful examination of the matter by our readers, and those now building or contemplating doing so.

It is the greatest want in Building Materials. This was the Rev. A. A. Turner, from Denmark, Lee County, Iowa, who has lived on the beach and covered with water on the great waves, and have come to the conclusion that nothing pertaining to our physical wants is of greater importance than the Plastic State Roofing. It is made of low and the great West, and is made to have to think you individually, and your club, and the Tribune, for the part you have taken in discussing this question. You cannot do a greater service to the North Western States, present and future. Therefore, do not get out of patience at repeated questions about this new roofing material—this plastic state—which you have made known to the world. If it is so, as you allege, it is of more importance than flowers, fruit, grain, stock, or any other farming interest, for farming cannot be conducted without buildings, and low's greatest want is building material, and the need of all good roofing material—one that is not a humbug—one that will prove a reality. Therefore, we will please to print an article saying all you can for the Plastic State Roofing. I send you a letter of Dr. W. H. White, State Geologist. Please note what he says about liability to expansion, contraction, and liability to fire. In short, you will find much upon this subject. Nothing can interest you Western readers more. We are building a large academy—every body is building and wants the best roofing. To those seeking new homes, we offer the security of eastern people, who build churches, academies and schools, and work in the cause of human rights—who labor six days a week to get to meeting on Sunday.

SOLON ROBINSON—I will endeavor to answer these candid letters of inquiry, from two of the solid, respectable men of Iowa, with equal candor to the world. If it is so, as you allege, it is of more importance than flowers, fruit, grain, stock, or any other farming interest, for farming cannot be conducted without buildings, and low's greatest want is building material, and the need of all good roofing material—one that is not a humbug—one that will prove a reality. Death of Wm. G. Ewing, Jr.—A very sudden and melancholy death occurred yesterday morning, at the residence of Mrs. Esther Ewing, corner of Avery and Ewing streets. Wm. G. Ewing, Jr., in a fit of derangement caused by a long and painful illness, took his own life by shooting himself in the head with a revolver. He had been sick for many months—gradually unable to lie down for weeks, except for a few moments at a time. Saturday night he was very feeble than usual. Early yesterday morning—about 5 o'clock—while Mrs. Ewing was arranging the bed to place him in a more comfortable position, this case and moved towards a bureau that stood near the bed. Mrs. Ewing asked him what he wanted. "Only a paper," he said. He opened a drawer, took out a loaded revolver, and holding it to his head, fired. He fell to the floor and died instantly from the effects of the shot. The revolver fell back into the drawer. A coroner's jury was summoned about an hour afterwards, and returned a verdict in accordance with the facts as stated.—Pitts Wayne Gazette.

Counterfeit.—M. L. McClelland, the efficient cashier of the First National Bank of Valparaiso, exhibited to us this morning a dangerous counterfeit Twenty Dollar Bill, on the First National Bank of Portland, Maine. The bill was a perfect imitation of the real thing, and could be passed in the night without difficulty. We are informed that there is a large amount of counterfeit National Currency about, and we would caution all men not to be misled by such much money to be very careful. The bill referred to was detected by Mr. McClelland, and was passed on to a farmer in this county, and from his hands passed into the possession of a produce dealer in one city. It is now in the hands of the Bank for deposit.—Pitts Wayne Gazette.

Know thy Destiny.—MADAME E. F. TROSTMAN, the great English Astrologist, Clairvoyant and Psychometrist, who has astonished the scientific classes of the old world, has now located herself at Hudson, N. Y. Madame Trostman possesses a knowledge of the human mind, and also has a profound knowledge of the most important to the life of every individual.
